The **Bachelor of Science in Nursing** degree prepares students for a variety of entry level nursing careers and provides an educational foundation necessary to be able to sit for the Registered Nurse National Council Licensure Examination (RN-NCLEX). CU's nursing curriculum will provide students with a background in nursing knowledge, theory, and research. It will also focus on both direct and indirect patient care for individuals, families, groups, communities, and populations.

MILESTONE COURSES

Courses marked as *Milestone Courses* are crucial for staying on track to complete your degree in three years. Take them in the recommended semester to stay on track! Sections with a recommended minimum grade is the grade you need to earn to have the best chance for success! Grades marked with an asterisk (*) are required to pass.

LANDMARKS

Points where you see a landmark icon on the four-year plan indicate you have reached a point of action outside regular coursework! See the Helpful Hints for information on each landmark.

ADVISING

When you choose to pursue this degree, you will be assigned an advisor with expertise in the field of Nursing. This advisor will help you with course selection, career planning, resume building, and tracking your path to degree completion.

COMPLEMENTARY MINORS

Addictions
Health Promotion
Psychology
Women & Gender Studies

CAREERS

Medical Surgical
Intensive Care Unit
Emergency Room
Board of Education

STUDENT ORGANIZATIONS

Student Nurses' Association
Sigma Theta Tau
Sigma Zeta

Helpful Hints

- Use this plan in consultation with your Academic Advisor.
- See the [Academic Catalog](#) for a list of criteria that must be met before being accepted into the BSN program.
- A student must earn a "C" or better in all nursing coursework.
- See your advisor regarding preparation for taking the NCLEX-RN exam.
