STUDENT LIFE

EXPLORING WV Starts with **YOU!**

Concord University and the area surrounding campus are the very definition of Wild and Wonderful West Virginia. We are not far from Pipestem State Park's zipline experience and its new Adventure Lake & Splash Park. **Our students receive special rates and programs!**

In the opposite direction, you'll find skiing at Winterplace or Snowshoe and opportunities in between for white water rafting, hiking, biking, hunting, fishing, camping, and more.

HOUSING & RESIDENCE

College can be both an exciting and adventurous time in your life. Outside of the classroom, you will have the opportunity to participate in numerous activities and meet new people. While living in the residence halls, you will make friends and memories that will last a lifetime.

Housing and Residence Life at Concord University provides safe and well-maintained facilities that create inclusive environments for student development and success. The recently renovated North and South Towers Residence Halls offer suite style rooms that share a bathroom.

Master of Physician Assistant Studies¹

Master of Education

¹ Concord University has applied for Accreditation – Provisional from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA). Concord University anticipates matriculating its first class in August 2025, pending achieving Accreditation – Provision status at the March 2025 ARC-PA meeting. Accreditation – Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding accreditation-provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

In the event that Accreditation-Provisional status is not granted by the ARC-PA, Concord University Physician Assistant Program will not matriculate its first class in August 2025 as planned. Any deposit paid by an applicant will be refunded in full. The University will not be responsible for refunding application fees or expenses incurred by applicants during the application and/or interview process (e.g., CASPA fees, travel to/from campus, etc.).

GUIDANCE Beyond the Classroom

THE CENTER FOR ACADEMIC AND CAREER DEVELOPMENT

The Center for Academic and Career Development (CACD) works with students individually to help them achieve their academic, personal, and career goals. We collaborate with each student to develop good study skills and enhance academic success. We also help with resume writing, interview skills, workshops, job searches, and career/personality surveys.

The CACD provides direct and referral services for tutoring, advising, financial services, and housing.

STUDENT SUPPORT SERVICES

Qualifying students can also take advantage of Student Support Services (SSS), a federally-funded TRiO grant program serving Concord University students since 1973.

SSS provides participating students with a variety of services, such as cultural enrichment trips, one-on-one tutoring, advising, and so much more!
